Ok will do. I'm removing the "show off your mask" I only received 1 YES... Kyndall thought it was a good idea but she doesn't have a camera.

For Michael's section:

The Final Texas BART FIP now in the Administrator's office for signature was a huge lift. Dayana, Jennifer and Michael really did a lot and we also got a lot of help from HQs.

Also Karolina's efforts to organize and plan to address our backlog of 111d and 129 actions has been a great.

All of the effort to get the Beaumont function redesignation proposed. It took calls with HQs and Texas to get Texas to withdraw the 1 hour portions and once a path was cleared, Jeff Riley quickly moved forward.

The final approval of the New Mexico/Albuquerque 2008 transport SIP was a great team effort that include some creative approaches to how to use modeling and pulling together information from Emissions Inventory and modeling experts to respond to comments Sherry, Erik, Bob and Nevine all were persistent in bringing this one home.

Guy/Jeff,

All Hands:

Off the top of your head pls give me two or three major branch accomplishments recently completed and two or three future actions/topic and brief description will do.

David F. Garcia, P.E.
